Building together to meet the challenge of the times.

University Library Centre — Sir George Williams Campus
Above is a view of the nine-storey terraced and recessed structure as seen from the Henry F. Hall Building. The plan, devised by the architectural firm of Sankey Werleman Guy/Blouin, Blouin has been cited for

fitting into the neighbourhood with "sensitivity" by Canadian Architect magazine which selected it for its award of excellence. The building will allow the library, as well as the Faculty of Commerce & Administration and several university departments to vacate scattered and costly rented facilities.

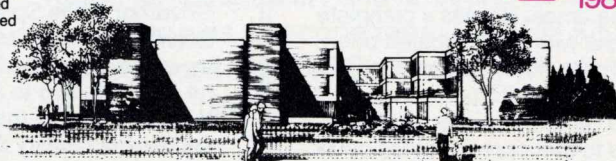

Vanier Library Extension — Loyola Campus
Lower illustration shows how extension (doubling Vanier Library space) will run east from the original block at left. Scattered facilities will be consolidated in the enlarged structure freeing areas for

other pressing needs. One of these is a senate chamber. Since Loyola and Sir George Williams merged, facilities have had to be rented at the PSBGM headquarters building.

National Chairman, William W. Stinson, President, Canadian Pacific Limited
"I think it is important that we have a strong Concordia in Montreal — and for people to appreciate that Concordia serves all segments of the community — all levels of society.

"So if people see this, if they want to see their city develop culturally and in economic terms, then they will see that

Concordia needs library and laboratory facilities and I believe we shall get these people on board to help us."

STINGER COACHES

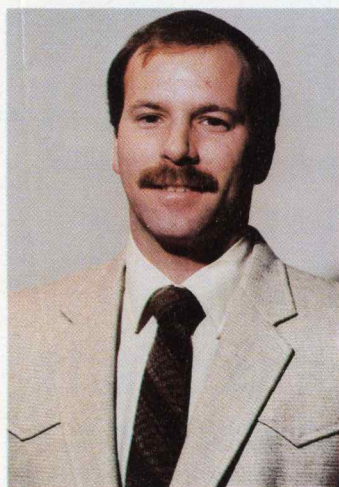

DOUG DAIGNEAULT Head Coach

Doug Daigneault, entering his 17th year as head coach of the Loyola Warriors/Concordia Stingers, continues to add to his impressive list of awards and achievements. In 1982-83 he guided Concordia to a 24-5 record, their third consecutive Quebec University Athletic Association championship, and was named Conference "Coach of the Year" for the fourth time. His lifetime record at the westend campus stands at an incredible 368-200 mark with eleven league titles, including an unprecedented string of 66 consecutive victories in league play from 1968 to 1972.

This past spring, coach Daigneault was selected to serve on the National Juvenile Identification Program by Basketball Canada and has assisted National team coach Jack Donohue with the Canadian National team.

Born in Montreal, Doug was raised in Malone, New York and has been acclaimed as one of the finest all-round athletes ever to be produced in the upper New York State region. He earned All-Star honours at Franklin Academy in basketball, football and baseball, prior to attending Clemson University where he received a Bachelor of Science degree and played in three major bowl games, the Orange Bowl, the Bluebonnet Bowl and the

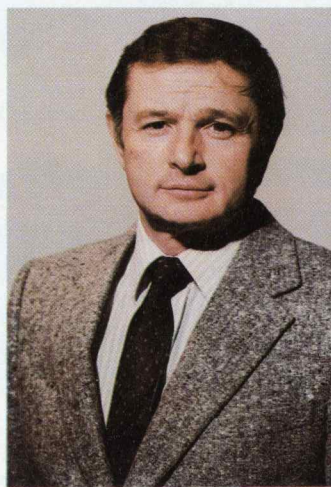

Sugar Bowl. After graduation, Doug returned to Canada where he helped lead the Ottawa Roughriders to a Grey Cup in his rookie year. Doug later played for the Montreal Alouettes before a back injury ended his football career. Coach Daigneault's daughters have also excelled in competitive sports. Lois and Debbie have attended Clemson and Miami Universities respectively, on swimming scholarships, while Julie is a member of the Canadian National Swim team, and holds the Canadian Record in the 800 metre freestyle.

JOHN DORE Assistant Coach

John Dore enters his third season with the Stingers, having helped Coach Daigneault lead the Stingers to post-season bids the past two years. Coach Dore's knowledge of the game and his ability to communicate with players have made him a valuable asset to the Concordia program. John's previous

coaching includes two years as assistant coach of the Concordia Women's team before becoming the head coach of the Vanier College men's varsity team. He compiled a two year record of 35-25 including two playoff appearances and was credited with developing several university players. He has been Athletic Director at St. George's High School in Westmount since 1975. John is also co-director of Fast Break Basketball Camp which operates during the summer months. Coach Dore first made his mark in Montreal as a player for Loyola/Concordia, being named Q.U.A.A. All-Star three times. He was a complete player, combining hard-nose defense with sophisticated offensive play and a knowledge of the game that few players possess. John's career scoring average of 15.7 points per game, was overshadowed by his reputation as a defensive player. John lives in Cote St. Luc with his wife Malka (a former captain of the Loyola Tommies) and daughters Lisa and Lauren.

ANDY MEZEY Assistant Coach

Andy Mezey begins his second year at Concordia after a highly successful coaching career in Montreal high schools and CEGEPs. Andy first gained recognition among local basketball circles when he led Father MacDonald High School and St. Thomas High School to six city championships and two provincial titles.

Coach Mezey took over the reins of the Dawson College Blues in 1978 and led them to four Provincial titles and a Canadian Junior College Championship in 1978. In addition, he developed over 25 players who later went on to play university basketball. Andy was a member of both the Hungarian National Handball team, as well as the Junior National Soccer team prior to his immigration to Canada in 1956.

Besides his playing and coaching exploits, Andy is presently a Governor of the Sports Federation of Canada, a member of the Board of Directors for the Canadian Olympic Association as well as a member of the International Handball Federation. In 1976, he was selected to direct the handball division of the organizing committee of the XXI Olympiad. Andy also owns the highly successful Quality Sports sporting goods store in Westmount.

Warm thoughts for cool nights.

EMERGENCY SERVICE is considered by most Thermoshell customers to be the most important part of Thermoshell's total home heating service. They claim that knowing they can get help in a hurry is real peace of mind. With Thermoshell's Emergency Service, a skilled technician will answer your call quickly. You're assured of a professional job because our thoroughly trained technicians keep abreast of the latest technology in oil-burning equipment. And that means there's not a problem we can't solve.

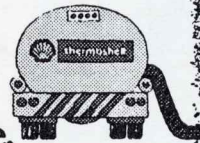

Thermoshell is more than home heat.

Of course Thermoshell's home heating service is more than just Emergency Service. It also includes an Annual Tune-up, so you can take peak performance and trouble-free operation of your furnace for granted. The Thermoshell Protection Plan guarantees you peace of mind because it provides coverage for vital parts, emergency service and an annual tune-up—all for just pennies a day, and Automatic Delivery, which means you should never run out of oil or ever have to call for a delivery.

Thermoshell. Nice warm help. Now there's a nice thought.

Thermoshell is nice warm people.

The Thermoshell Service Contractor, who does your annual tune-up, is the same person who responds quickly to your emergency call. And dealing with one person is a nice friendly way to do business. You get to know him and he gets to know your home heating system, which means he can correct any problems that come up—quickly and efficiently. What's even nicer is that he will probably turn out to be your neighbour, since, very often, he lives right in your community.

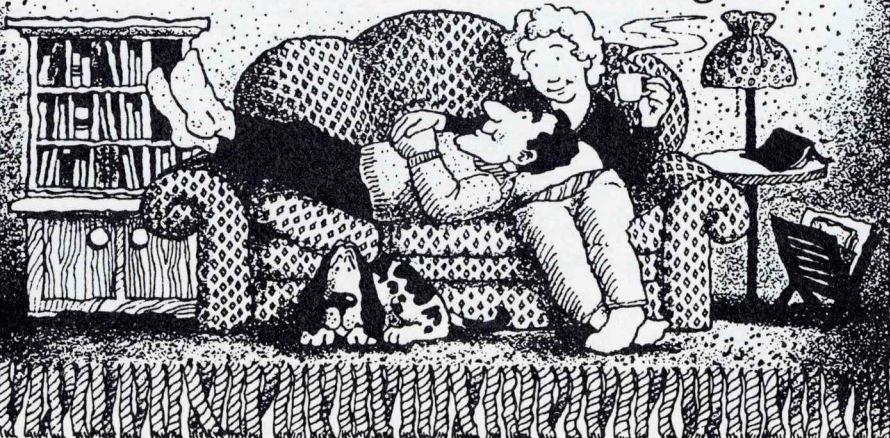

With Thermoshell it's neighbours helping neighbours to get all the nice warm help you need—all the time.

Schenley O.F.C.: the only 8-Year Old that's guaranteed right on the back of the bottle.

Canadian law requires distillers to place a stamp on their whisky bottles showing the year the whisky was distilled.

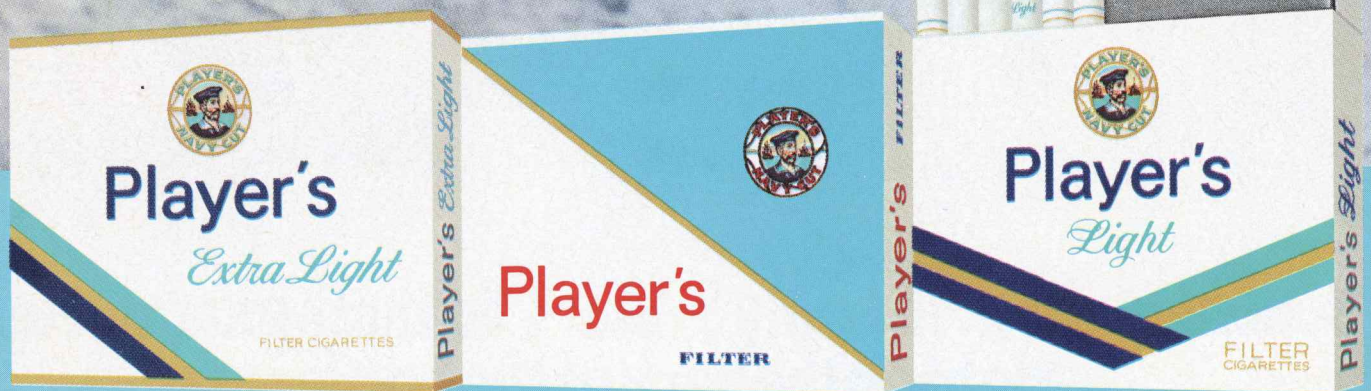

With Schenley O.F.C., we go a lot further. We certify that our

whisky has been aged in charred white oak casks, for a full 8 years.

We believe 8 years is a perfect aging time for whisky. When it reaches its prime for a smooth, mellow taste.
